

External Cladding Solutions

Castellated Range

For a sophisticated and distinctive exterior for your home, offering the look of individual timber slats. Made from robust hardwearing composite material while benefiting from **easy installation** and low-maintenance.

- ✓ **Convenient.** The look of natural materials without the upkeep.
- ✓ **Better.** Does not rot, unlike timber cladding, weather resistant and easy to clean.
- ✓ Suitable for vertical and horizontal installation.
- ✓ **Faster.** Quick and easy to install.
- ✓ **2900mm board length.** Less joints for a cleaner finish.
- ✓ **Low maintenance.** No sanding, sealing or staining required.
- ✓ **Weather and UV resistant.** Designed for long-term outdoor performance.
