

Decking and Railing Systems

Decking Boards

The high-performance, **durable and slip resistant** alternative to traditional timber decking, 3600mm in length, engineered for durability and low maintenance.

- ✓ **Better.** Does not rot, unlike timber decking, weather resistant and easy to clean.
- ✓ **Faster.** Quick and easy to install.
- ✓ **Convenient.** Reversible profiles, two colour options.
- ✓ **3600mm board length.** Ideal for standard decking layouts.
- ✓ **Low maintenance.** No sanding, sealing or staining required.
- ✓ **Weather and UV resistant.** Designed for long-term outdoor performance.
- ✓ **Slip-resistant surface.** Improves safety underfoot.

Suelo

Double-sided hollow deck boards, woodgrain and grooved, available in charcoal, grey and brown. Size: 146mm x 25mm x 3600mm.

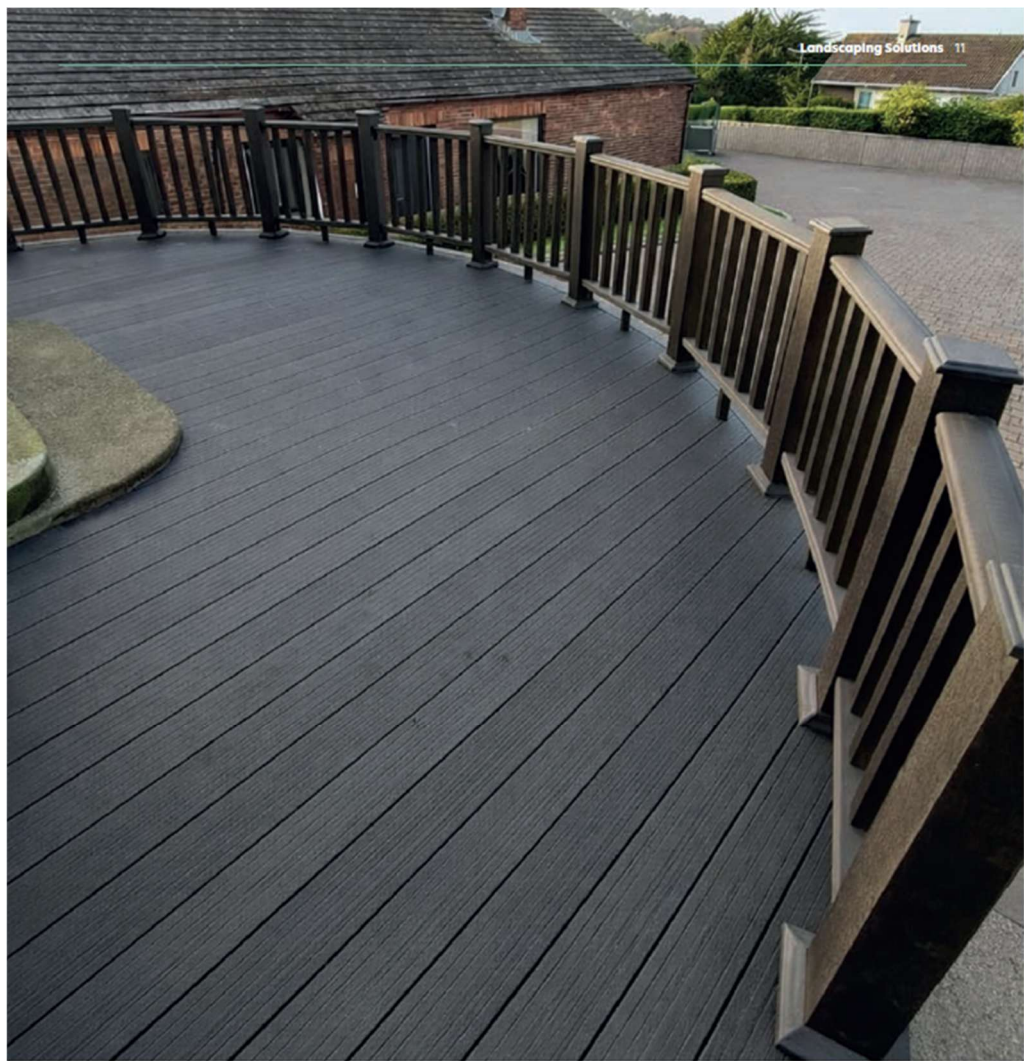

**Slip
Resistant**

**Water
Resistant**

Decking and Railing Systems

Balustrade

For looks that impress, and performance that endures, the **Composite Railing System** is the durable alternative to traditional timber balustrading.

- ✓ **Better.** Does not rot, unlike timber balustrading, weather resistant and easy to clean.
- ✓ **Faster.** Quick and easy to install.
- ✓ **Safer.** Durable, split and splinter-free surface.
- ✓ Low maintenance.
- ✓ Hidden fixing system.
- ✓ Colours to match our Suelo decking.
